

THE HIP LITTLE GARDEN

FREE RECORD

Harvest Record

Track what you harvested, how much you gathered, and the notes that will help you grow better next season.

Harvest Log

Use one line for each harvest day or one line per crop pickup, depending on how detailed you want your records to be.

Harvest Date	Crop / Variety	Amount Collected	Unit	Used / Stored	Condition	Notes for Next Season

Quick Harvest Notes

Use these reminders to keep your harvest notes practical and useful.

- ☐ Best flavor or best-producing crop
- ☐ Pests, disease, or weather issues that affected yield
- ☐ Whether spacing, support, or watering should change next season
- ☐ Anything harvested too early or too late
- ☐ Which variety you would grow again
- ☐ What preserved, stored, or froze especially well

END-OF-SEASON REFLECTION

What was your most successful crop this season?

What crop would you grow less of or skip next year?

Biggest takeaway for next season:

Seasonal Yield Summary

Summarize your harvest by crop, preserve the numbers that matter, and keep a simple picture of your season.

Crop Summary

Use one row per crop to total the season and record what you learned.

Crop	Total Harvests	Total Yield	Best Month	Would Grow Again?	Summary Notes

Storage & Use Summary

Track what was eaten fresh, preserved, gifted, or stored so your harvest has a full story.

Crop	Fresh	Frozen / Preserved	Gifted	Storage Life	Notes

Next Season Planning

Turn harvest data into simple action steps for next year.

Grow more of: _____

Grow less of: _____

Try a new variety: _____

Start earlier / later: _____

Improve support, spacing, or pruning: _____

Top priority for next season: _____
