

Seasonal Planting Planner

Plan seasonal tasks, planting dates, expected harvests, and garden priorities in one simple place.

Seasonal Task List

Use the suggested tasks or add your own based on your climate, growing zone, and garden setup.

Spring

☐ Test and amend soil

☐ Start seeds indoors

☐ Harden off seedlings

☐ Prepare beds and containers

☐ Plant cool-season crops

Summer

☐ Mulch to retain moisture

☐ Water consistently

☐ Watch for pests and disease

☐ Succession plant fast growers

☐ Stake or trellis tall plants

Fall

☐ Plant cool-season fall crops

☐ Collect and save seeds

☐ Clean up spent plants

☐ Add compost to beds

☐ Cover or mulch for winter

Winter

☐ Plan next year's layout

☐ Order seeds early

☐ Clean and sharpen tools

☐ Protect perennials from frost

☐ Review this year's notes

Planting & Harvest Date Tracker

Record what you planted, when it went in, when you expect to harvest, and what actually happened.

Crop / Variety	Plant Date	Expected Harvest	Actual Harvest	Notes

Monthly Planning Space

Use this year-at-a-glance page for planting goals, garden tasks, weather notes, and harvest reminders.

Plan the whole growing year

Write only the most important goals for each month so the planner stays useful and easy to maintain.
