

THE HIP LITTLE GARDEN

FREE TRACKER

Watering and Care Tracker

Track watering, feeding, pruning, pest checks, and plant condition without overcomplicating your routine.

Weekly Watering Tracker

Write each plant or growing zone, then mark the days you watered and note the amount if helpful.

Plant / Zone	Mon	Tue	Wed	Thu	Fri	Sat	Sun

OPTIONAL KEY: ✓ = watered F = fed M = misted R = rain - = no watering needed

Weekly Care Checklist

Choose only the tasks that apply to your plants this week.

- ☐ Checked soil moisture and drainage
- ☐ Rotated for even light
- ☐ Checked for pests
- ☐ Fed or fertilized
- ☐ Pruned or deadheaded
- ☐ Cleaned leaves or containers

WEEKLY OBSERVATIONS

What changed this week? Note new growth, wilting, yellowing, pests, weather shifts, or anything to follow up on.

Plant Notes & Problem Log

Keep quick-reference care details for each plant and document problems, actions, and follow-up.

Plant Care Notes

Use this section for location, light, watering needs, feeding schedule, and care reminders.

Plant Name	Location	Light	Water / Feed	Notes

Problem & Response Log

Track what you noticed, what you tried, and whether the plant improved.

Date	Plant	Issue Observed	Action Taken	Follow-up

Tip: Photograph major changes and write the date in the log so you can compare progress over time.
